

Durable Coordination Form

Developers and administrators can use the form in this section to coordinate the details of durables.

Durable Subscribers

Subscriber Endpoint

Goal of Durable: **Delivery Assurance** **Apportioning Message Stream**
Key/Value Maps **Last-Value Availability** (Select one.)

Dynamic Durables **Static Durables** (Select one or both.)

Publisher Related Endpoints List the publisher endpoints from which these durable subscribers require messages.

Durable Names and Subscriber Names List any static durable names and any subscriber names that the application specifies on this endpoint

Content Matcher If these durable subscribers use a content matcher, specify it here. Otherwise, indicate None.
