## New features

This release contains no new features.

## Changes in Functionality

This release contains no changes in functionality.

## Changes to third-party libraries

The FasterXML jackson-databind library was updated to version 2.16.0.

## Closed issues

This release contains no closed issues.

## Known issues

This release contains the following known issues:

- Search is executed on fields of string, text, date and number types only.
- Search with computed values or inherited fields might lead to performance issues.
- The use of keywords that contain only special characters is not supported.
