This release was updated to ensure compatibility with the TIBCO EBX® Add-ons Bundle version 4.5.20.

Changes in Functionality

This release contains no changes in functionality.

Changes to third-party libraries

The Rhino Engine library was updated to version 1.7.14.

Closed issues

This release contains no closed issues.

Known issues

This release contains no known issues.

2.2 **Version 2.1.23**

Release Date: September 2023

New features

This release was updated to ensure compatibility with the TIBCO EBX® Add-ons Bundle version 4.5.19.

Changes in Functionality

This release contains no changes in functionality.

Changes to third-party libraries

This release contains no changes to third-party libraries.

Closed issues

This release contains no closed issues.

Known issues

This release contains no known issues.

2.3 Version 2.1.22

Release Date: July 2023

New features

This release was updated to ensure compatibility with the TIBCO EBX® Add-ons Bundle version 4.5.18.

Changes in Functionality

This release contains no changes in functionality.

Changes to third-party libraries

This release contains no changes to third-party libraries.

Closed issues

This release contains no closed issues.

Known issues

This release contains no known issues.

2.4 Version 2.1.21

Release Date: April 2023

New features

This release was updated to ensure compatibility with the TIBCO EBX® Add-ons Bundle version 4.5.17.

Changes in Functionality

This release contains no changes in functionality.

Changes to third-party libraries

This release contains no changes to third-party libraries.

Closed issues

This release contains no closed issues.

Known issues

This release contains no known issues.

2.5 **Version 2.1.20**

Release Date: October 2022

New features

This release was updated to ensure compatibility between add-ons.

Changes in Functionality

This release contains no changes in functionality.

Changes to third-party libraries

This release contains no changes to third-party libraries.

Closed issues

This release contains no closed issues.

Known issues

This release contains no known issues.

2.6 **Version 2.1.19**

Release Date: August 2022

New features

This release contains no new features.

Changes in Functionality

This release contains no changes in functionality.

Changes to third-party libraries

The jQuery UI library was updated to version 1.13.2.

Closed issues

This release contains no closed issues.

Known issues

This release contains no known issues.

2.7 **Version 2.1.18**

Release Date: May 2022

New features

This release contains no new features.

Changes in Functionality

This release contains no changes in functionality.

Changes to third-party libraries

This release contains the following changes to third-party libraries:

- The Spring Framework was updated to version 5.2.22.

Closed issues

This release contains no closed issues.

Known issues

This release contains no known issues.

2.8 **Version 2.1.17**

Release Date: April 2022

New features

This release contains no new features.

Changes in Functionality

This release contains no changes in functionality.

Changes to third-party libraries

This release contains the following changes to third-party libraries:

- The Spring Framework was updated to version 5.2.20.

- The FasterXML/jackson-databind library was updated to version 2.13.2.1.

Closed issues

This release contains no closed issues.

Known issues

This release contains no known issues.

2.9 **Version 2.1.16**

Release Date: March 2022

New features

This release contains no new features.

Changes in Functionality

This release contains no changes in functionality.

Changes to third-party libraries

This release contains the following changes to third-party libraries:

- The Spring Framework was updated to version 5.2.19.
- The jQuery UI library was updated to version 1.13.1.
- The jQuery library was updated to version 3.6.0.

Closed issues

This release contains no closed issues.

Known issues

This release contains no known issues.

2.10 **Version 2.1.15**

Release Date: December 2021

Updates

This release contains the following updates:

- The Spring Framework was updated to version 5.2.15.
- The jQuery UI library was updated to version 1.13.0.

2.11 **Version 2.1.14**
