# TIBCO Spotfire Documentation and Support Services

---

Documentation for this and other TIBCO products is available on the TIBCO Documentation site. This site is updated more frequently than any documentation that might be included with the product. To ensure that you are accessing the latest available help topics, visit:

<https://docs.tibco.com>

## TIBCO Spotfire Network Analytics Documentation

The following documents for this product can be found in the TIBCO Documentation Library for TIBCO Spotfire Network Analytics:

- *TIBCO Spotfire® Network Analytics Deployment and Administration Manual*
- *TIBCO Spotfire® Network Analytics User's Manual*
- *TIBCO Spotfire® Network Analytics License Agreement*

## Related Documentation

The following documents related to this product can be found on the TIBCO Documentation site:

- *TIBCO Spotfire® Analyst User's Guide*
- *TIBCO Spotfire® Server and Environment Installation and Administration Manual*

## How to Contact TIBCO Support

For comments or problems with this manual or the software it addresses, contact TIBCO Support:

- For an overview of TIBCO Support, and information about getting started with TIBCO Support, visit this site:

<http://www.tibco.com/services/support>

- If you already have a valid maintenance or support contract, visit this site:

<https://support.tibco.com>

Entry to this site requires a user name and password. If you do not have a user name, you can request one.

## System Requirements for Spotfire Products

For information about the system requirements for Spotfire products, visit <http://support.spotfire.com/sr.asp>.

## How to Join the TIBCO Community

The TIBCO Community is an online destination for TIBCO Spotfire customers, partners, and resident experts. It is a place to share and access the collective experience of the TIBCO Spotfire community. The community site offers forums, blogs, and access to a variety of resources. To register, go to the following web address.

# Deploying the Network Analytics Package

---

To make TIBCO Spotfire® Network Analytics available to users in Spotfire Analyst, you must deploy the software package on your Spotfire Server.

The following instructions take you through the required steps for deploying Spotfire Network Analytics on your Spotfire Server. The instructions apply both to making a first-time deployment of the software, and to upgrading an existing deployment of an earlier version of Spotfire Network Analytics.

If you have an earlier version of Spotfire Network Analytics deployed on your Spotfire Server, it will be upgraded when you deploy the new version.

## Prerequisites

You must have administrative privileges on the Spotfire Server.

## Procedure

1. Log in to Spotfire Server and click **Deployment & Packages**.
2. In the left pane, under Deployment areas, select a deployment area.
3. In the Software packages pane, click **Add packages**.
4. In the Add packages dialog, click **Choose file**, and locate and select the file `TIB_NetworkAnalyticsExtensions_1.1.2.spk`, and click **Open**.
5. Click **Upload**.  
The added packages are displayed in the Software packages pane.
6. To save the new package, click **Save**.
7. In the Save deployment dialog, if you want the Spotfire Analyst clients to automatically accept the update when they are opened, select the **Force client update** check box.
8. Click **Save**.

# Administering the Spotfire Network Analytics License

---

As a Spotfire administrator, you can control which users and user groups should have access to the TIBCO Spotfire® Network Analytics license in Spotfire Analyst.

Follow these instructions to grant a group of users in Spotfire access to the Network Analytics license. When the group has been granted the license, the users in that group can use the Network Analytics features in Spotfire Analyst.

## Prerequisites

You must have deployed the Spotfire Network Analytics software package on the Spotfire Server.

## Procedure

1. Start Spotfire Analyst and log in with an administrator account.
  - a) If prompted, download all updates from the server.
2. Select **Tools > Administration Manager**.
3. In the Administration Manager dialog, select the **Groups and Licenses** tab.
4. In the available groups list, select the group that want to grant access to the Network Analytics license.
5. In the pane to the right, select the **Licenses** tab and click **Edit**.
6. In the list of licenses in the Licenses for Group dialog, expand TIBCO Spotfire Extensions to find the Network Analytics license.
7. Select the check box for the Network Analytics license.
8. Click **OK** to save the changes.
